GUIDANCE NOTES FOR THE COMPLETION OF AN ESSENTIAL KNOWLEDGE RECORD

Why ask essential knowledge questions?

To confirm that the candidate understands why a task is done the way it is, and what they would do if conditions changed — knowledge that watching the task alone does not show.

How should they be recorded?

Write each question and the answer given, in the candidate's own words. Verbal questions are recorded in writing at the time.

Who can ask them?

An assessor with the knowledge and experience to judge the answers against the standard.
